

IME Privacy Statement

Use of Caring for Patients with Chronic Pain online program was developed and is offered by HealthPartners Institute For Medical Education (“IME”). The purpose of this policy is to explain IME’s online information sharing practices and to assure your privacy when participating in IME online continuing medical education activities.

IME is committed to safeguarding the privacy of our visitors. We will appropriately control the access and disclosure of your personal information. We will ensure that we maintain appropriate oversight of our privacy practices, and we will adopt consistent and clear disciplinary measures for breaches of this policy.

How we use your information

When you register for CME activities on our website we ask for information about you in order to maintain a record of your participation.

If we charge a fee we will ask for credit card information. Transactions with credit card information are encrypted.

We may also use the information you provide us to check on potential verification or problems, or to ask for more detail about information you have provided to us and for other IME purposes.

IME does not sell or rent member’s email addresses, phone numbers or fax numbers.

IME does not use cookies (data that a website can send to your browser, which may then be stored on our system) to cross relate information about its visitors.

Other uses of information

For employees of HealthPartners or one of its subsidiaries or affiliates, we may provide data related to program completion to your supervisor. Data collected may also be used in various research projects focused on learning and care improvement.

Change in Policy

As our intranet and internet educational activities evolve, we may collect additional information or may use information in new ways. If our information practices change, we will modify this policy statement and use for these new purposes will only apply to data collected from the time of the policy change forward.

Security

We have appropriate security measures in place to protect against, loss or misuses of information we have collected.
